Lab Report on Numerical Methods (CACS252)

BCA 4th Sem

[2079 Batch]

Submitted By

Name: Deep Darshan Thapa

Symbol No: 4802034

Batch: 2079

Submitted To

Iswar Mani Adhikari

BCA Program, PNC

Index

S.N.	Objective	Date of submission	Remarks
1.	To solve non-linear equation using bisection method		
2.	To find the root of non-linear equation using Newton-Raphson method		
3.	To find the root of non-linear equation using secant method in c.		
4.	To find the root of non-linear equation using fixed-point iteration method		
5.	To find the root of non-linear equation using trapezoidal method		
6.	To find the root of a non-linear polynomial using Euler's method		
7.	To find integration using Simpson's 1/3 rule.		
8.	To find the root of nonlinear equation using false position method		
9.	To find the root of non-linear equation using using secant method		
10.	To find root of nonlinear equation using Gauss elimination method
